INTRODUCTION

The purpose of this report is to provide the City Council of the City of Wildomar with the amount of funds collected and expended, the status of the community parks and community park facilities, programs and services funded by the tax proceeds raised by Measure Z, including the costs of staff, utilities, materials, contract services and other items related to the repair and maintenance of community parks and community park facilities.

Specifically as stated in Ordinance 71 and Municipal Code section 3.18:

3.18.020 Purpose.

*The tax authorized by this chapter is solely for the purpose of raising revenue to pay for the availability of and the funding, repair, operating and maintenance of community parks and community park related facilities, programs and services within the City of Wildomar. The tax is not imposed as an ad valorem tax on real property, nor a transaction tax or sales tax on the sale of real property. The proceeds of the tax will be deposited in a special fund and shall be restricted for the purposes stated above. As such, the tax is a special tax. (Ord. 71 § 1, 2012)*¹

3.18.030 Use of proceeds.

Tax proceeds raised pursuant to this chapter may only be used for Wildomar community park purposes as specified in Section 3.18.020, including, but not limited to, maintaining clean public restrooms, maintaining safe playground equipment, restoring safety lighting, removing graffiti, maintaining sports fields, and maintaining landscaping and public structures situated in Wildomar community parks. Tax proceeds raised pursuant to this chapter may also be used for audit reports as set forth in this chapter. (Ord. 71 § 1, 2012)

3.18.040 Annual report.

An annual report shall be prepared and filed with the City Council of the City as provided in Sections 50075.1 and 50075.3 of the California [Government Code](#), and shall contain: (A) the amount of funds collected and expended; and (B) the status of the community park and community park facilities, programs and services funded by the tax proceeds raised pursuant to this chapter, including the costs of staff, utilities, materials, contract services and other items related to the repair and maintenance of community parks and community park facilities. (Ord. 71 § 1, 2012)

3.18.050 Annual audit. *The Director of Finance shall cause the City's independent auditor to perform an annual audit of the expenditure of the proceeds of the tax imposed by this chapter. (Ord. 71 § 1, 2012)*

On November 6, 2012, Wildomar residents voted and approved a \$28 annual parcel tax (Measure Z) to assist in the funding of park operations and related park activities. By Statute, the passage of Measure Z triggered a number of tasks, one of which was establishing the Parks Funding Measure Z Citizen's Oversight Advisory Committee. At the completion of the Fiscal Year 2021-22, the committee members were:

Nolan King - Chair
Kathleen Kovich - Vice Chair
James Howey - Committee Member
Timothy Underdown - Committee Member
Sheila Urlaub - Committee Member

Committee Meetings for FY 2022-23, were held:

- August 25, 2022
- December 01, 2022
- February 23, 2023
- May 25, 2023

This report includes a description of the four City of Wildomar parks, a report stating the Maintenance and Operations performed during the year, a recap of the Measure Z Funded Special Event, an inspection of the parks conditions and operations by each of the committee members and the Wildomar Measure Z Park Fund Financial Statements for the Year Ended June 30, 2023 as provided by the independent audit firm of Roger Anderson, Malody & Scott, LLP.

DESCRIPTION OF WILDOMAR PARKS

MARNA O'BRIEN PARK

20505 Palomar Street

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the Measure Z Park Fund (the Fund), a special revenue fund of the City of Wildomar, California, as of and for the year ended June 30, 2023, and the related notes to the financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the Fund as of June 30, 2023, and the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements present only the Measure Z Special Revenue Fund, do not purport to, and do not present the financial position of the City of Wildomar, California, as of June 30, 2023, or the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

The Fund's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information, as listed in the table of contents, be presented to supplement the fund financial statements. Such information is the responsibility of management and, although not a part of the fund financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the fund financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the fund financial statements, and other knowledge we obtained during our audit of the fund financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the fund financial statements. Such missing information, although not a part of the fund financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the fund financial statements in an appropriate operational, economic, or historical context. Our opinion on the fund financial statements is not affected by this missing information.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 20, 2024 on our consideration of the Fund's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Fund's internal control over financial reporting and compliance.

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Reporting Entity

The Wildomar Measure Z Park Fund (the Fund) was established on November 6, 2012, pursuant to voter-approved annual parcel assessment to assist in the funding of park operations and related activities. On February 13, 2013, the City Council approved Resolution 2013-5 establishing the Measure Z Oversight and Advisory Committee and appointing 5 residents as committee members.

The Measure Z Park Fund is included as a special revenue fund of the City of Wildomar (the City) and, accordingly, the accompanying fund financial statements are included as a special revenue fund of the fund financial statements prepared by the City. The accompanying financial statements are intended to reflect the financial position of operations for the Measure Z Park Fund, under the *current financial resources* measurement focus and the modified accrual basis of accounting only and do not purport to, and do not, present the financial position of the City of Wildomar, California. Separate financial statements are prepared for the City of Wildomar, and may be obtained from the City.

B. Measurement Focus, Basis of Accounting and Financial Statements Presentation

Governmental fund financial statements are reported using the *current financial resources* measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

When both restricted and unrestricted resources are available for use, it is the Fund's policy to use restricted resources first, and then unrestricted resources as they are needed.

C. Assets, Deferred Outflows/Inflows of Resources, Liabilities, and Net Position or Equity

Cash and Investments

The Fund currently pools its cash and investments with the City of Wildomar and follows the City's investment policies. The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. For financial statement presentation purposes, cash and investments are shown as both restricted and unrestricted cash and investments in the governmental funds.

Notes to Financial Statements
For the year ended June 30, 2023

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Assets, Deferred Outflows/Inflows of Resources, Liabilities, and Net Position or Equity (continued)

Investments are reported at fair value. The City's policy is to hold investments until maturity or until market values equal or exceed cost. The State Treasurer's Investment Pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

Deferred Outflows/Inflows of Resources

In addition to assets, the balance sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. Currently, the Fund does not report any deferred outflows of resources.

In addition to liabilities, the balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Currently, the Fund does not report any deferred inflows of resources.

Fund Balance

In the fund financial statements, government funds report the following fund balance classification:

Nonspendable include amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted include amounts that are constrained on the use of resources by either, (a) external creditors, grantors, contributions, or laws or regulations of other governments or (b) by law through constitutional provisions or enabling legislation.

Committed include amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest authority, the City Council. The formal action that is required to be taken to establish, modify, or rescind a fund balance commitment is a resolution.

Assigned include amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed. The City Manager is authorized to assign amounts to a specific purpose, which was established by the governing body in Resolution No. 2011-32 approved on June 21, 2011.

Unassigned include the residual amounts that have not been restricted, committed, or assigned to specific purposes.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and deferred outflows/inflows of resources, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reported period. Actual results could differ from those estimates.

Functional Classifications

Expenditures of the governmental funds are classified by function. Functional classifications are defined as follows:

- **General Government** includes legislative activities, City Clerk, City Attorney, City Manager as well as management or supportive services across more than one functional area
- **Culture and Recreation** which includes activities which provide recreation, cultural and educational services.

Encumbrances

Encumbrances are estimations of costs related to unperformed contracts for goods and services. These commitments are recorded for budgetary control purposes in the fund. Encumbrances represent the estimated amount of the expenditure ultimately to result if unperformed contracts in process at year-end are completed. They do not constitute expenditures or estimated liabilities.

Budget Basis of Accounting

Budgets for governmental funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).

Lease expenditure

The Fund currently makes lease principal and interest payments. See the City's notes for details.

Notes to Financial Statements
For the year ended June 30, 2023

2) CASH AND INVESTMENTS

The Measure Z Park Fund's cash is pooled with the City of Wildomar's cash and investments in order to generate optimum interest earnings. The information required by accounting standards related to authorized investments, credit risk, etc. is available in the annual comprehensive financial report of the City. Currently, the Fund has a cash deficit of \$10,781 in pooled cash and investments, which is reported as due to other funds.

3) FAIR VALUE MEASUREMENTS

Accounting standards currently provide the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value with Level 1 given the highest priority and Level 3 the lowest priority. The three levels of the fair value hierarchy are as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the organization has the ability to access at the measurement date.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in markets that are not active.
- Inputs other than quoted prices that are observable for the asset or liability (for example, interest rates and yield curves observable at commonly quoted intervals, volatilities, prepayment speeds, loss severities, credit risks, and default rates).
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means (market-corroborated inputs).

Level 3 inputs are unobservable inputs for the asset or liability.

As explained in Note 2, the Measure Z Fund has its investments pooled with the City. The cash and investments reflected is a portion of the City's overall cash and investments. Refer to the City's financial statements for additional information relating to categorization of investment types.

4) COMMITMENTS AND CONTINGENCIES

As of June 30, 2023, in the opinion of the City's Administration, there are no outstanding matters which would have a significant effect on the financial condition of the Measure Z Park Fund.

General Budget Policies

The City Council approves each year's budget prior to the beginning of the new fiscal year. Public hearings are conducted prior to its adoption by the Council. Supplemental appropriations, where required during the period, are also approved by the Council. In most cases, expenditures may not exceed appropriations at the function level. At fiscal year-end, all operating budget appropriations lapse. The following functions had expenditures which exceeded budgeted appropriations:

	<u>Final budget</u>	<u>Actual amount</u>	<u>Variance</u>
Culture and recreation	\$ 472,900	\$ 474,502	\$ (1,602)
Debt service:

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditor's Report

To the Honorable Mayor and Members
of the City Council
City of Wildomar, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Measure Z Park Fund (the Fund), a special revenue fund of the City of Wildomar, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Fund's financial statements, and have issued our report thereon dated March 20, 2024.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Fund's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, we do not express an opinion on the effectiveness of the Fund's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Compliance and Other Matters

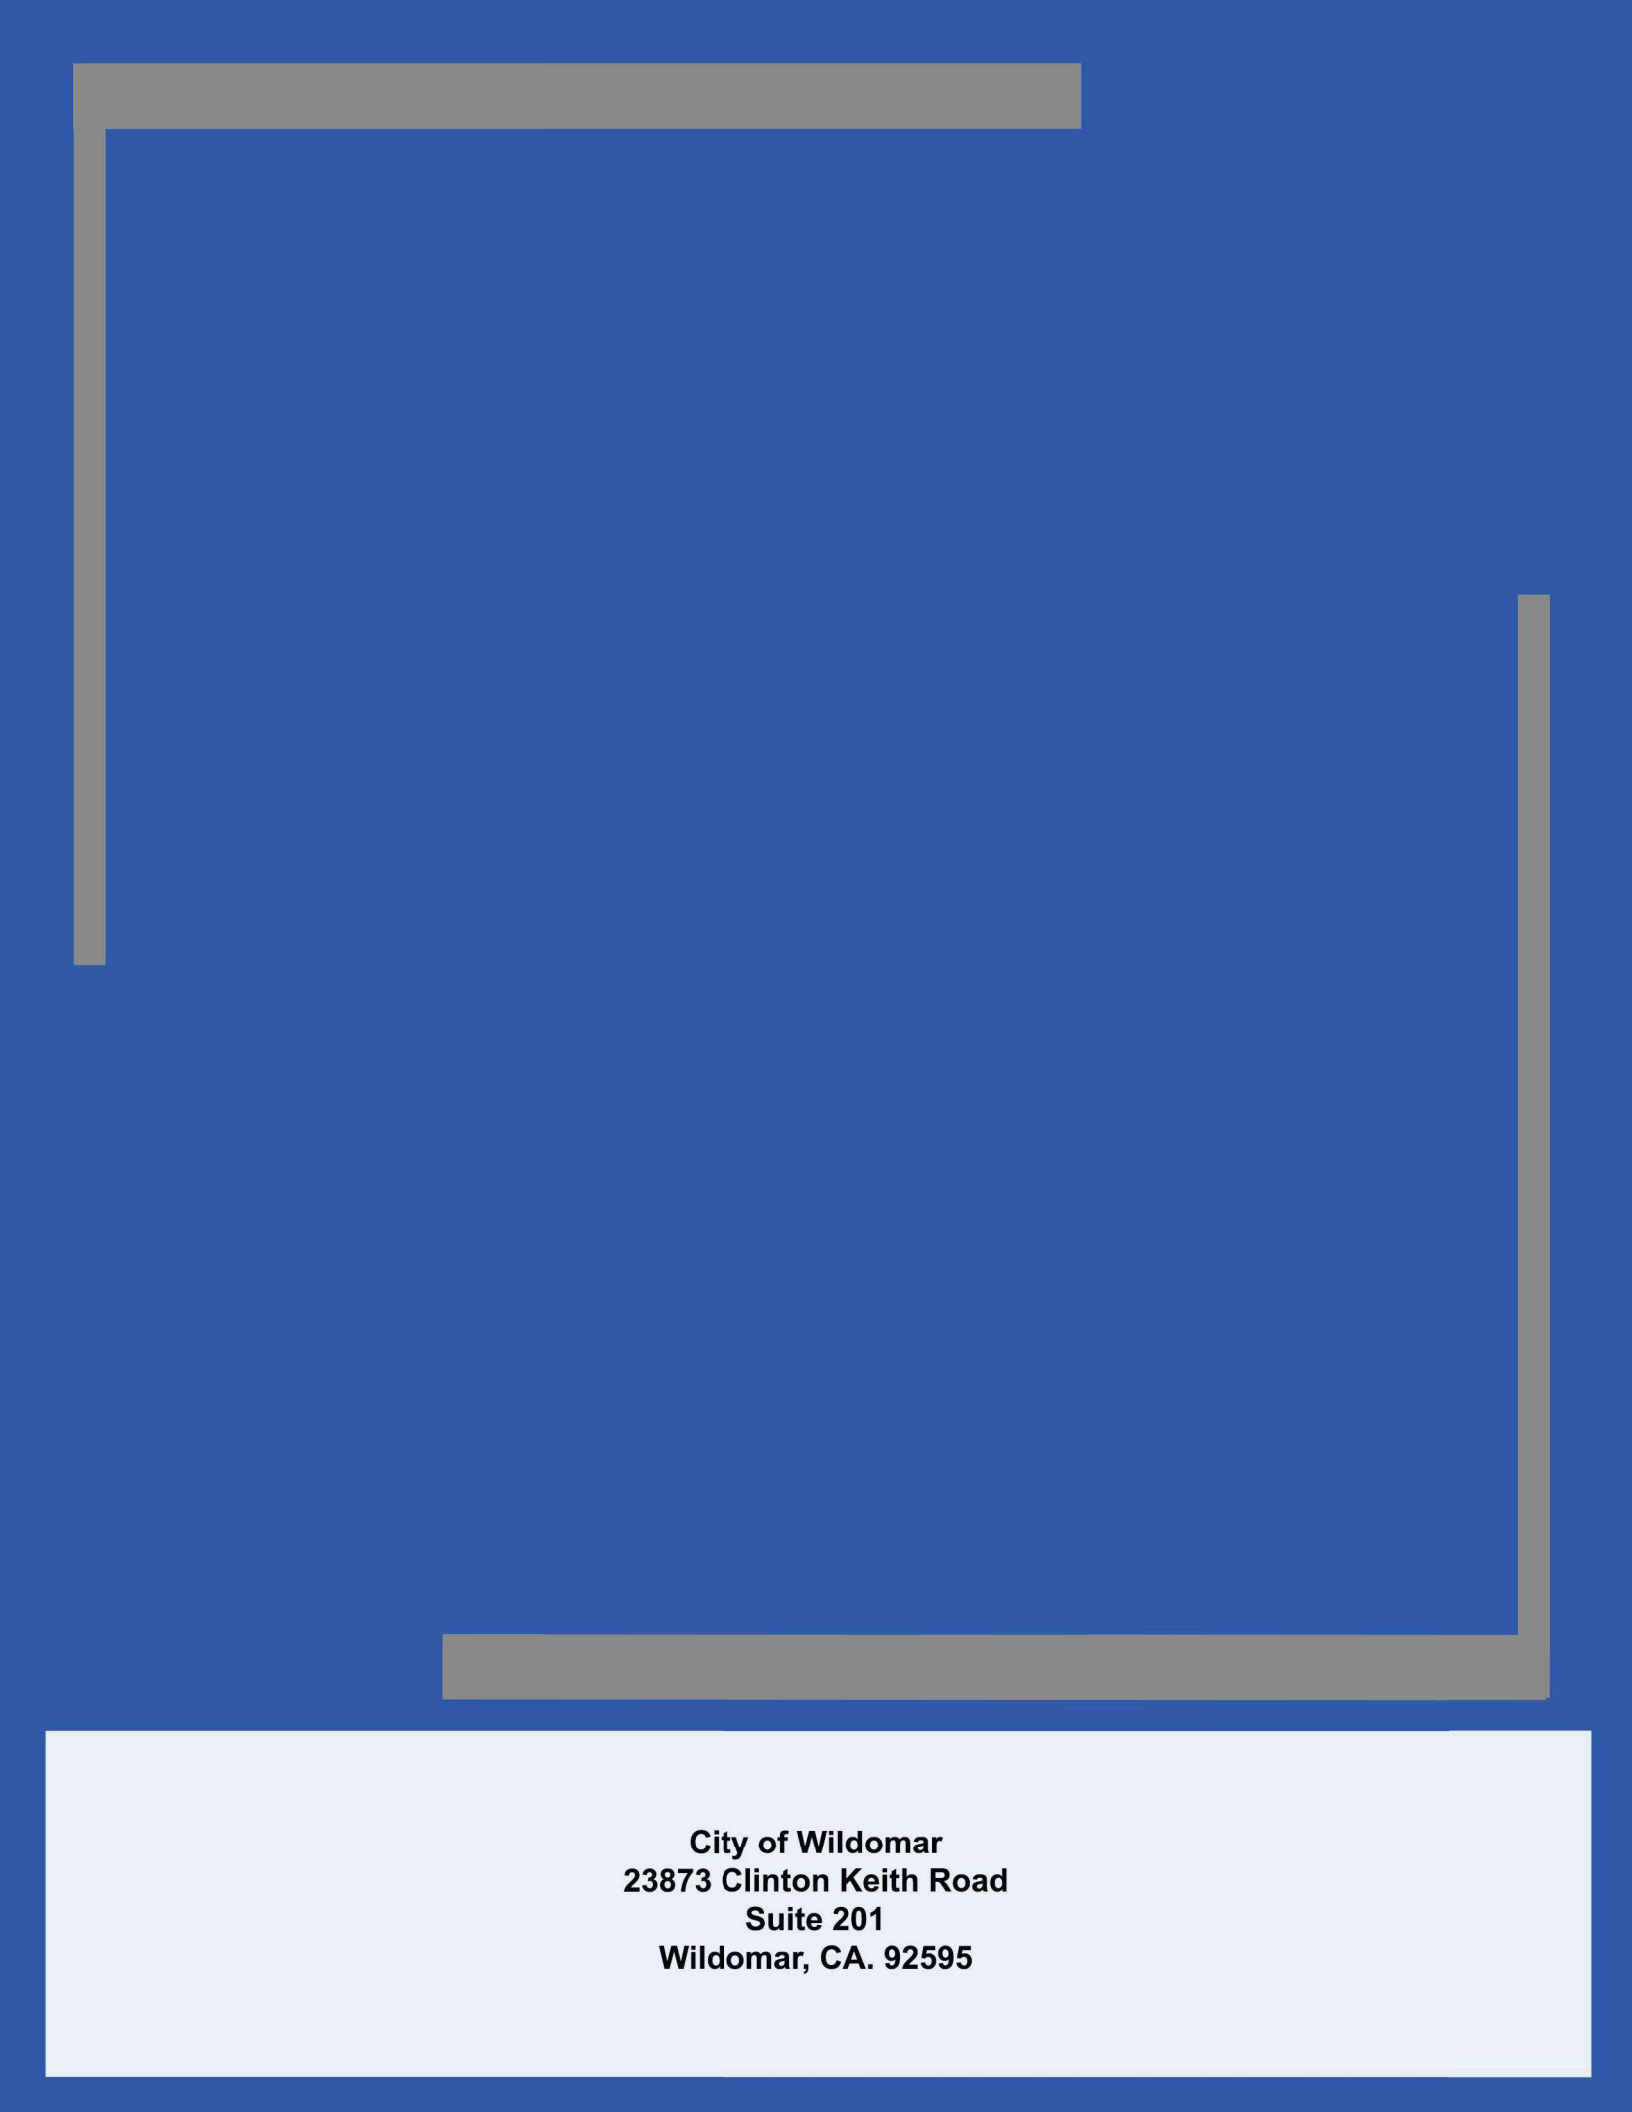

As part of obtaining reasonable assurance about whether the Fund's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Fund's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Fund's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
